

The Abyss Watchers, Farron's Undead Legion are a bunch of bitch ass motherfuckers. They pissed on my fucking speedrun. That's right, they took their little withered, flaming dicks out and pissed all over my fucking Farron-Carthus skip segment. And they said the abyss must be stopped and I said "You're corrupted by the abyss" and they got mad at me. So I'm making a call out post on [r/darksouls3](https://www.reddit.com/r/darksouls3). Abyss Watchers, you got a small dick, its the size of Ocelotte except way smaller, and guess what, here's what my dick looks like...

That's right baby, +10, all strength, no chaos, look at that it looks like two Dragonslayer Greatshields and a Fume Ultra Greatsword. They fucked my speedrun so guess what I'm gonna go clap Artorias again. That's right, this is what you get, my 99 strength build, except I'm not gonna just kill Artorias, I'm gonna go higher, I'm gonna vanquish Sif. How do you like that you Wolf Knight wanna-be shitheads?! I murdered Artorias' great wolf you fucking idiots. You have 23 hours before the Darkwraiths hit the Farron Keep, now get these parrying daggers out of my sight before I backstab the shit out of you.
